**APPLICATION FOR PATENT TERM ADJUSTMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicants respond to the Notice of Allowance mailed September 01, 2004. All references made herein concerning the timing of documents are directed to the Patent Application Information Retrieval Website for the patent application that is identified above, unless indicated otherwise.

**BACKGROUND**

On October 27, 2000, the above-identified patent application was filed with the United States Patent and Trademark Office. On or about, May 16, 2003, a Restriction Requirement was mailed to the Applicants in excess of 500 days after the 14th month requirement as set forth by 35 USC section 154 (b) and 37 CFR section 1.703(1). In response to the first Restriction Requirement, Applicants filed an Amendment that was received in the United States Patent and Trademark Office [hereinafter referred to as USPTO] on or about July 7, 2003. A second Restriction Requirement was mailed on November 12, 2003, which was 5 days past the four-month deadline established by 35 USC section 1.54 (b) and

37 CFR section 1.703(2). In response, Applicants filed a second Amendment that was received by the USPTO on November 24, 2003. According to PAIR, on or about February 20, 2004, a non-final Office action was mailed to the Applicants' attorney of record. See Appendix 1, attached hereto. On the same date, as indicated by PAIR, the mail was returned as undeliverable. See *id.* Finally, on August 4, 2004, following a telephone interview with the Examiner in charge of the application, the first non-final Office action received by Applicants' attorney was mailed-- 126 days after the four-month deadline as set forth by 36 USC section 154(b) and 37 CFR section 1.703(2). On September 1, 2004, a Notice of Allowance was mailed which indicated a Patent Term Adjustment of 510 days, an adjustment that is approximately 126 days shorter than the adjustment to which Applicants are entitled. As a result, Applicants submit the present Application for Patent Term Adjustment.

#### A. Applicable Law

The Code of Federal Regulations recites that a request for reconsideration of the patent term adjustment indicated on the Notice of Allowance must be by way of an Application for Patent Term Adjustment and must occur before payment of the issue fee. 37 CFR section 1.705 (b). The fee set forth in 37 CFR section 1.18(e) must be included, along with a statement of facts involved specifying the correct patent term adjustment and the basis for the same. See *id.* The relevant dates 1.703(a) (e) for which an adjustment is sought and the adjustment as specified in 1.703(f). See *id.*

C. Patent Term Adjustment Determination

The gravamen of Applicants' Application for Patent Term Adjustment results from confusion over the Non-Final Rejection having a USPTO mailroom date of February 20, 2004, shown on the transactional history of the PAIR website and in the Appendix 1. Specifically, Applicants have no record of receiving these communications and, furthermore, Applicants' attorney indicated as much to the Examiner in charge of the application on or about August 3, 2004. See Appendix 2 attached hereto. Finally, considering that the non-final Office action was indicated as being returned as undeliverable on the same day that the non-final Office action was indicated as being in the USPTO mailroom, Applicants doubt whether the non-final office action of February 20, 2004 was mailed. Without mailing of the non-final Office action of February 20, 2004, Applicants contend that it was the non-final Office action mailed on August 4, 2004 that was the first action of the USPTO that satisfied the requirements of 35 USC section 132 for purposes of 37 CFR section 1.702 (2). As a result, the USPTO's first action pursuant to 35 USC section 132 was mailed August 4, 2004--126 days after the four-month period, required by 35 USC section 154(b) and 37 CFR section 1.702(2), expired. As a result, Applicants respectfully contend that the PTA be adjusted to include these 126 days in excess of the four months from the receipt by the USPTO, on November 24, 2003, of the second amendment. Thus, the entire term of the patent adjustment should be 636 days.

The undersigned authorizes charging deposit account number 502650 any and all fees necessary to effectuate

consideration of the present application, including the \$200.00 fee set forth in 37 CFR section 1.18(e).

Furthermore, Applicants are unaware of any circumstance during the prosecution of the application patent that constitutes a failure to engage in reasonable efforts to conclude processing or examination of such application. However, an amendment after Notice of Allowance was filed with the USPTO on or about October 15, 2004.

The present patent application is not subject to any terminal disclaimer.

Finally, as of the date of this Application, Applicants have not paid the issue fee.

Applicants respectfully request reconsideration of the Patent Term Adjustment in view of the foregoing.

I hereby certify that this correspondence is being facsimile transmitted to the USPTO or deposited with the United States Postal Service with sufficient postage as first class mail, in an envelope addressed to the Commissioner for Patents.
